MEDI

*Restorative skincare for natural healing and
improved cellular turnover*

Healing Care Set

REJURAN® MEDI Line, developed by leading Korean skin and cosmetics experts and now available in the U.S., utilizes the proprietary skin-healing ingredient c-PDRN® along with select organic raw materials. Our revolutionary cosmetics support natural healing and skin turnover, helping to minimize the appearance of aging.

PharmaResearch, the manufacturer of REJURAN MEDI Line holds an organic cosmetics manufacturing certification (USDA Organic) from the U.S. Department of Agriculture, an OTC (over-the-counter pharmaceutical) manufacturing certification from the NSF, and an OTC (over-the-counter pharmaceutical) manufacturing license from the FDA.

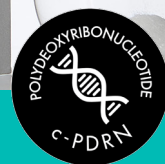

About c-PDRN®

c-PDRN® is a patented, marine-based DNA growth factor (Hydrolyzed DNA) which helps increase cellular turnover and improve the appearance of elasticity while restoring the look of skin firmness.

More than 7 organic ingredients provide rich antioxidants, moisturizing, skin nutrition, and soothing effects.
